Summary

Third-year Computer Science Engineering student at KL University with a CGPA of 9.64, specializing in AI, Full-Stack Web Development, and Data Structures & Algorithms. Experienced contributor in open-source (GirlScript Summer of Code) and industry internships in Prompt Engineering and Software Development. Passionate about building intelligent, real-world systems using LLMs, cloud platforms, and modern web technologies. Seeking internships and collaborative opportunities in software development and AI.

Experience

Contributor May 2026 – Present
GirlScript Summer of Code Remote, India

- Contributing to open-source projects as part of GSSoC 2026, collaborating with developers across India on real-world codebases.
- Resolved GitHub issues and submitted pull requests improving code quality, documentation, and UI functionality.
- Gained hands-on experience with version control workflows, code reviews, and collaborative software development practices.

Software Development Intern June 2026 – Present
CodeAlpha Remote, India

- Developing web-based projects as part of the internship program, applying HTML, CSS, JavaScript, and React fundamentals.
- Built and deployed interactive frontend modules, improving UI responsiveness and user experience.
- Collaborated with the team to review code and implement iterative improvements aligned with project requirements.

Intern – Prompt Engineering April 2026 – May 2026
Future Interns Remote, India

- Designed and optimized prompts for large language models (LLMs) to improve output accuracy and relevance across use cases.
- Conducted systematic prompt testing and documented best practices for generative AI workflows.
- Applied knowledge of Generative AI and NLP concepts to produce structured, task-specific AI outputs for real-world applications.

Education

KL University Vijayawada, Andhra Pradesh
Bachelor of Technology, Computer Science Engineering July 2024 – December 2028
CGPA: 9.64 / 10.0

Shri Gujrati Eng. Med. School Raipur, Chhattisgarh
Higher Secondary Education, CBSE (Class XII) Completed: 2024 Percentage: 72%

Dream India School Raipur, Chhattisgarh
Secondary Education, CBSE (Class X) Completed: 2022 Percentage: 83%

Projects

- **EcommerceStore** *React.js, Node.js, Express.js, spring Boot*
 - Developed a full-stack e-commerce platform with authentication and authorization.
 - Implemented product management, shopping cart, and order processing features.
 - Built REST APIs and integrated MongoDB for database management.
- **Spam Email Checking** *Python, Machine Learning, NLP*
 - Developed a machine learning model to classify messages as spam or non-spam.
 - Applied text preprocessing and feature extraction techniques using NLP.
 - Trained and evaluated models using the SMS Spam Collection dataset.
- **Smart Study Planner** *HTML, CSS, JavaScript*
 - Built an interactive web application for planning and tracking study schedules.
 - Implemented task management and progress tracking functionalities.
 - Designed a responsive user interface for improved user experience.

Technical Skills

Languages: Python, Java, C, JavaScript, HTML, CSS

Frameworks & Libraries: React.js, Bootstrap, Scikit-learn

AI / ML: Machine Learning, NLP, Generative AI, LLMs, Prompt Engineering

Cloud: AWS Cloud Practitioner, AWS Educate (ML Foundations, Generative AI), Oracle Cloud Infrastructure (OCI)

Tools: Git, GitHub, GitHub Actions, VS Code, Overleaf

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Other : • Strong organizational skills with attention to detail • Comfortable with Excel/Google Sheets for tracking and reporting • Good written and verbal communication skills

Certifications

- AWS Certified Cloud Practitioner – Amazon Web Services
- Oracle Cloud Infrastructure AI Foundations Associate – Oracle
- GitHub Copilot Certified – GitHub (Microsoft)
- Cambridge Linguaskill Certificate – Cambridge University Press & Assessment
